Which PEAS Assessment Pathway Is Right for You?

Do you intend to work in a province where the provincial paramedic regulator participates in PEAS?

Select one of the following pathways:

PRE-APPROVED PATHWAY

A streamlined pathway for applicants from jurisdictions that have been pre-determined to meet substantial equivalency requirements.

Select this pathway if:

- You intend to work where the provincial paramedic regulator participates in PEAS
- You meet the eligibility criteria outlined in the Pre-Approved Pathway Handbook
- You are seeking the pre-approved paramedic designation

The following jurisdictions are included in the Pre-Approved Pathway:

- Australia
- New Zealand
- South Africa
- United Kingdom
- Ireland
- United States
- Qatar

For more details, please refer to the **COPR PEAS Pre-Approved Pathway Handbook (LINK)**

OR

STANDARD ASSESSMENT PATHWAY

An assessment pathway for applicants from jurisdictions without pre-approval.

Select this pathway if:

- You intend to work where the provincial paramedic regulator participates in PEAS
- You have completed relevant paramedicine education and wish to be assessed for equivalency for a Canadian designation
- You are educated and/or licensed in a jurisdiction that does not have a pre-approved pathway

OR

- You meet the eligibility criteria for the pre-approved pathway and wish to be assessed for a designation other than the pre-approved designation
  (for example, your jurisdiction is approved for PCP, and you wish to be assessed as an ACP, and additional education has been completed)
